

Health Guarantee

All dogs are sold in good health. You have ten days in which to have your veterinarian examine the pup for any health problems. If there is a heredity problem or a congenital defect, I will refund the price of the pup. The dog must be returned the following day with a statement from your veterinarian explaining the problem to receive the full refund.

If by the age of 26 months the dog develops Hip Dysplasia, as evaluated by the OFA,

or

if by the age of twelve months, the dog develops Progressive Retinal Atrophy, as certified by a veterinarian.

The pup from a future litter will replace the dog or you may receive a full refund of the purchase price.

The buyer has these responsibilities for the terms of the guarantee to remain in effect:

1. I must be notified within ten days of the diagnosis of Hip Dysplasia or Progressive Retinal Atrophy and I must have a veterinarian certification of the diagnosis.
2. The dog may not have been bred prior to the claim.
3. You must keep a copy of this guarantee.
